EXPERIENCE

Freelance, - — *Full Stack Developer*

2018 - PRESENT

4 years of experience as a freelancer in Elihu IT Solutions. I have been working on different projects and mobile applications since 2018.

EDUCATION

Unity University, Gerji — *BS. Computer Science*

APRIL 2021 - PRESENT

I'm currently a 3rd year student at Unity University.

PROJECTS

Kibrewosen — *Online e-learning platform.(Website, Mobile Application)*

Fully fledged website built with django, that includes advanced features like **live-streaming**, **multi-tenant** system, and more. Used technologies include **Django**, **Nginx**, **REST**, **Flutter.**

Bezaw — *Ship anywhere in the world with ease. (Website, PWA)*

Created an installable website with **SSR** support, using **NextJS** for frontend and **Express** backend.

Gojo Casting — *Find your next cast for your project. (Website, PWA)*

Mockify — *API mocking made easy. (Website)*

https://github.com/iamtinsae/mockify

One of my favorite personal projects, built with bleeding edge technologies like **NextJS**, **tailwind**, **tRPC** and **NextAuth**.

GymBro — *Personal training app. (Mobile Application)*

Cross Platform mobile fitness application made with **Flutter** and **Isar**.
